Our History

Pacific Island International is an international building material supply company serving the Pacific Islands For more than 20 years. In 2016, Pacific Islands International started its Food and Beverage Division to keep up with the ever expanding requirements within the Islands. It is an Australian family owned business based in Townsville, Queensland, Australia with a representative office in the bustling city of Xuzhou, Jiangsu Province in China.

Our Export Managers regularly travel to the Pacific Islands to develop relationships with our customers while gaining experience and knowledge of their

unique markets. Our managers also travel frequently to our buying hubs to ensure quality and the best prices through our substantial buying power. Our suppliers, consolidators and factories are leaders in the industry, and their vigilant packing methods and quality control processes will ensure your orders will be safe during transit.

The whole process of delivery is supported by our dedicated Export Officers who ensure all the associated documents are processed smoothly and on time.

Our range

Proteins

We source our protein from Australian farms to give a cost effective option whilst ensuring quality and seasonal assortment.

Fruits

Our fruit selection is mostly sourced from South East Queensland.

Vegetables

We understand the importance of cross product viability during shipment to ensure the best shelf life possible.

Our suppliers, consolidators and factories are leaders in the industry, and their vigilant packing methods and quality control processes will ensure your orders will be safe during transit.

Beverages

Representing leading brands from Australia and South East Asia, we have many different options including soft drinks, milk products and bottled water options.

Drygoods / Groceries

We have a dedicated division that works on grocery lines to find value added solutions.

Personal Care Products

Our team has access to personal care products as well as PPE products to ensure your safety.

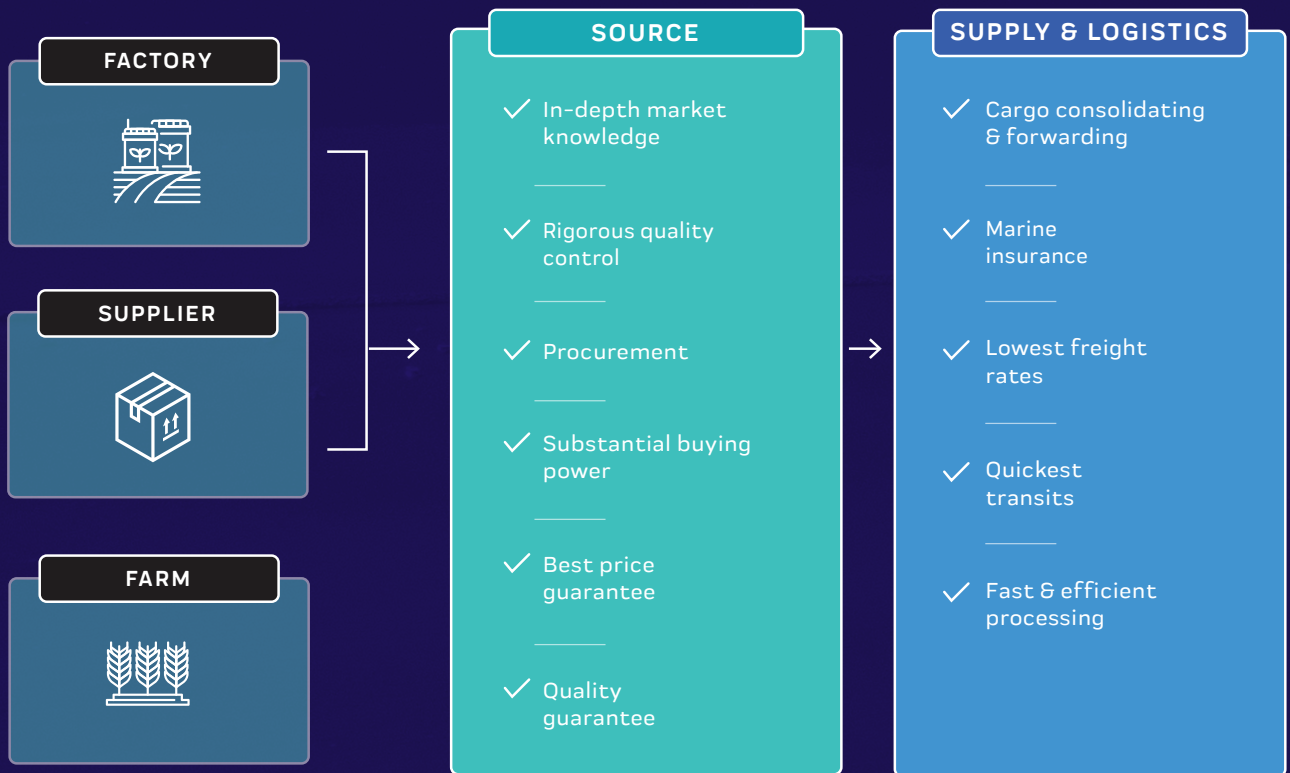

The whole process of delivery is supported by our dedicated Export Officers who ensure all the associated documents are processed smoothly.

Our uniquely integrated supply-chain

PII sources and supplies quality products to residential, retail and hospitality projects across 27 Pacific islands.

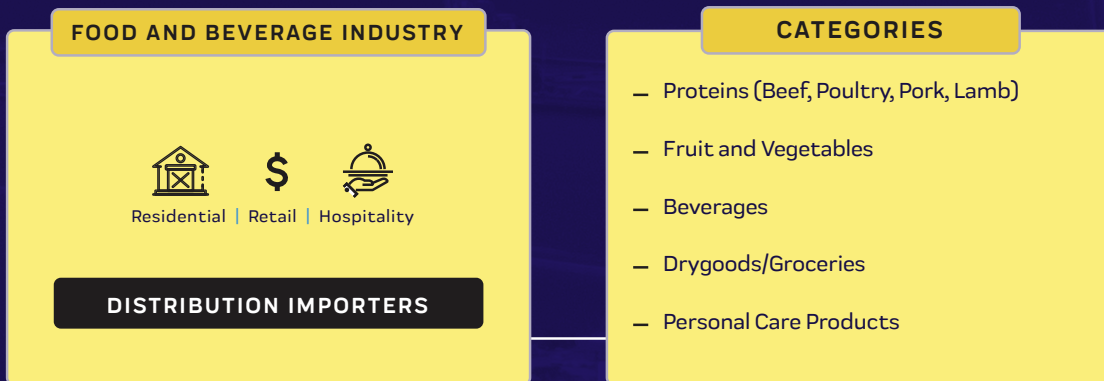

PII offers a fully integrated supply-chain solution, from processing to delivery and consolidation of all cargo at port, as well as packing, customs clearance, forwarding and shipment to the customer's destination port. This integrated solution gives us substantial buying power – a benefit we pass on to our customers – and we're able to finance the full supply-chain with attractive terms.

Using tried-and-tested farms, factories and suppliers from Australia and Asia, we are able to guarantee

the quality of all products. As well as having rigorous quality-control measures in place, we take out marine transit insurance as standard practice giving customers peace of mind that any damage or accidental loss in transit is covered.

As a company, PII is committed to always offering the very best value for the goods it supplies – offering customers the best price for the highest quality products.
